Subject: Re: Can you check the map and Dam Plans reference these Public comments

Good evening -

Beth C, please find the surveys attached from each village in Brown Co. Beth N.

I think there's one last major item that will be required for your mitigation plan that I currently do not know the answer to. FEMA would like to see a list of relevant ordinances pertaining to disasters for each incorporated municipality. So, for each incorporated municipality can we get a YES/NO as to whether these types of ordinances exist and if there is anything special you would like to add/if there is digital copy of some plans (I know I do have some from you) that may be useful, please filter my way.

Thanks!

Potential Relevant Ordinances of Interest/Plans/Orgs for EACH incorporated municipality:

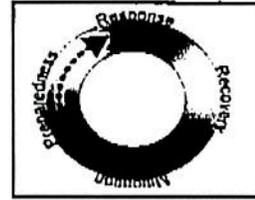

- Is there a planning commission?
- Comprehensive Plan?
- Floodplain Regulations?
- Building Codes? (this typically is in reference to earthquakes and/or tornadoes)
- Zoning ordinances
- Capital Budget?
- Public Works Budget?
- Please feel free to add others you feel are pertinent

I've also noticed a couple items that need updating in regards to dams. I received some information from the state to aid with this. Better late receiving it than never!
