

5.0 APPENDICES

APPENDIX 5: JURISDICTIONAL FLOOD MAPPING

This appendix contains special flood hazard area (SFHA) mapping for the cities and villages participating in this plan¹. These images show a closer detail of each participants' corporate limits. For each participating jurisdiction, there are two maps. The first is a street view showing the SFHAs, structures at risk of flooding, and facilities appearing on the asset inventory. The second is an aerial image with the SFHAs overlaid on it.

¹ Andover and Orwell Villages do not appear in this appendix because they do not contain SFHAs.
