

5.0 APPENDICES

APPENDIX 3: INACTIVE PROJECTS

This appendix lists projects that have appeared in previous versions of the mitigation plan. It serves as a record of the inactive mitigation projects, those that have been completed, deleted, or deferred by planning stakeholders. Mitigation projects listed as “on-going” remain active and thus appear in Section 3.2 of this plan.

Project # (Prior Plan)	Hazard	Strategy	Project Type	Funding Source	Estimated Timeframe	Project Coordinator	Completed / Deleted
2020 – INACTIVE PROJECTS							
1	All Hazard	Installation of emergency generators for public Water Treatment Plants and public well fields.	Structure & Infrastructure Project	Existing budget	5 Years	Clermont Water Resources	Deleted. Limited funding.
31	Tornado	Identify tornado safe locations for residents to seek shelter.	Structure & Infrastructure Project	Existing budget	5 Years	CCEMA	Deleted. The cost/benefit to construct shelters is not feasible at this time.
38	Flooding	Provide flood-mitigation guidance to property owners in flood-prone structures (i.e., acquisition, relocation, elevation, dry/wet flood proofing).	Education Program	FMA FMSP ICC	5 Years	CCEMA	Completed. Will continue to work with RLP owners as necessary.
47	Utility Failure	Implementation of SWAPP and drinking water contingency plans.	Local Plans & Regulations	Existing budget	5 Years	Clermont Water Resources	Completed. OEPA requires contingency plan, which is in place. The SWPP is updated annually.
49	Hazmat Release	Develop/Update wellhead protection plan.	Local Plans & Regulations	Existing budget	5 Years	Clermont Water Resources	Completed. This plan is updated annually. Added a new Source Water Protection Coordinator in May of 2025
55	Landslide	Develop a map of landslide prone areas.	Local Plans & Regulations	Existing budget	5 Years	County Engineer GIS	Completed. A map has been developed and included in the Landslide Hazard Profile of this mitigation plan.
58	Landslide	Develop grading ordinances requiring developers and landowners to obtain permits prior to filling or regrading.	Local Plans & Regulations	Existing budget	5 Years	County Building Dept.	Completed. Regulations are in place. Permits are required by property owners.
85	Drought	Encourage property owners to install equipment that reduces the use of water.	Natural Systems Protection	Existing budget	5 Years	Clermont Water Resources	Deleted. No longer a priority, lack of interest.
86	Drought	Develop water storage plans, water use ordinances, contingency plans in water utility operating plans.	Local Plans & Regulations	Existing budget	5 Years	Clermont Water Resources	Completed. Parts that can be completed have been.
92	Earthquake	Work with insurance industry to increase public awareness of the importance of earthquake insurance	Education Program	Existing budget	5 Years	CCEMA	Completed. Deleted. Lack of interest.
