From: James T. Van Horn
Director, Coshocton County EMA

Subject: Hazard Mitigation Plan

In 2005, your jurisdiction participated in the planning, development, and adoption of the county-wide Hazard Mitigation Plan. By adopting the plan, which every jurisdiction is required to do, or has to create their own, your jurisdiction became eligible to participate in the Federal Mitigation Grant Funding Program. This program makes available funds for local jurisdiction to mitigate hazard prone areas to prevent or reduce the effects should the hazard occur again.

The current plan expires March 1, 2010 and the Coshocton County EMA is responsible for reviewing, revising, and resubmitting the plan to obtain approval for an additional 5 years.

To continue to be part of the plan, please complete the document below and return it to the EMA before Thursday, December 31, 2009. If you do not participate or create your own plan, your jurisdiction will be ineligible to receive Mitigation Funding.

Please contact the Coshocton County EMA if you have any questions or suggestions.
